Principal's there's
no need to feel down

I said specialists, pick yourself
off the ground

I said teachers,
cause you've got a new way

There's
no need
to feel

there's a place you can go

For your
students,
when you're
feeling so
low

You can learn there, and I'm
sure you will find

Many ways to enhance, improve
and increase student and staff
performance
